Dear Jack:

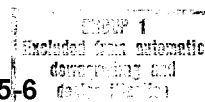

During our visit of last Friday, I mentioned briefly the trip I hope to make this coming spring to Europe and points east. This is a follow-up to give you specific information which can serve as a basis for your judging if additional visits to NSA installations would be mutually beneficial. I would, of course, be delighted if you were able to join me for some or all of it, but understand that you have a scheduling conflict for that time of the year.
